The purpose of this discussion is to ensure that Cincinnati's plan to support the Riverside neighborhood truly reflects the neighborhood needs, and your input is needed.

The Center for Community Resilience and Riverside Academy are hosting this meeting to inform a community-driven neighborhood investment strategy. From affordable housing to locally owned small business, parks, roadway improvements and community safety – the goal is to design what a safe and equitable environment looks like for the Riverside neighborhood. From this meeting the Center will use your input to inform an investment strategy for the leaders at City Hall—a plan that will include measures to ensure that community has a means to hold elected leaders accountable.
